

#### **+INTRODUCTION**

In Revelation chapters 12-13, the readers' are introduced to some of the darkest snapshots of evil found throughout the biblical narrative. The true colors of Satan, the prince of darkness are revealed. On no less than five occasions the dragon (the name given to identify Satan) is seen attacking and wreaking havoc upon God's own people and creation. Ironically, in each instance, he is outwitted by Jesus and his purposes are thwarted.

Not content in being defeated, the dragon seeks to empower alternative forces for the purposes of deceiving and oppressing mankind. Chapter 13 unveils the identity of two other beasts, each of which work in league with the dragon himself.

The imagery in each of these chapters is spectacular. John, in typical apocalyptic form colorfully + flamboyantly caricatures, Satan, world government and false religion. To those living upon the earth, these everyday institutions may seem docile and have an appearance of normalcy, yet from God's perspective, they appear dragon-like, beastly and lethal.

John, is sure to point out that regardless of how dreadful these evil creatures appear, or how much
